

Circular From West Park Residents Association

West Park Chronicle for Spring 2020

Please find attached a pdf copy of the West Park Chronicle for Spring 2020. Paper copies will also be distributed. The Chronicle contains details of the forthcoming AGM that will be held in the main hall of Lawnswood School at 7:00pm on Monday 30th March, and summarises some of the things that WPRA has been involved with during the past year.

New Survey by ICCAN

The effect of proposed changes at Leeds Bradford Airport on the amenity of local communities is an item that figures in the Chronicle and will also be on the agenda at the AGM. Previous consultations between LBA and the community have not been adequate and so a new survey by [ICCAN](#) (the Independent Commission on Civil Aviation Noise) looks to be a positive step.

They are '*seeking views about how airports engage and consult with their local communities*' in order to '*better understand what approaches work well and where improvements need to be made for future engagement and public consultation*'. The survey is described in a Twitter page [here](#) or if you wish you can go directly to the [online form](#) and fill it in.

Please Note: If you have any questions about this item, please inquire through the ICCAN website and not to WPRA. WPRA is merely passing on in good faith information contained in a recent ICCAN newsletter.

We circularise notifications of planning applications that the committee think are likely to be of general interest to the membership. It's then up to the individual to decide what personal action they wish to take, if any.
