

## Circular From West Park Residents Association

### **LBU Car Parking Survey Starting Next Week**

WPRA received the following last Wednesday from Emma Gilbert Senior Events Officer Events, Alumni & Partners: Leeds Beckett University, 204, Bronte Hall, Headingley Campus, Leeds LS6 3QW Email: [e.gilbert@leedsbeckett.ac.uk](mailto:e.gilbert@leedsbeckett.ac.uk) Tel: 0113 8125101 Mob: 07826876703:

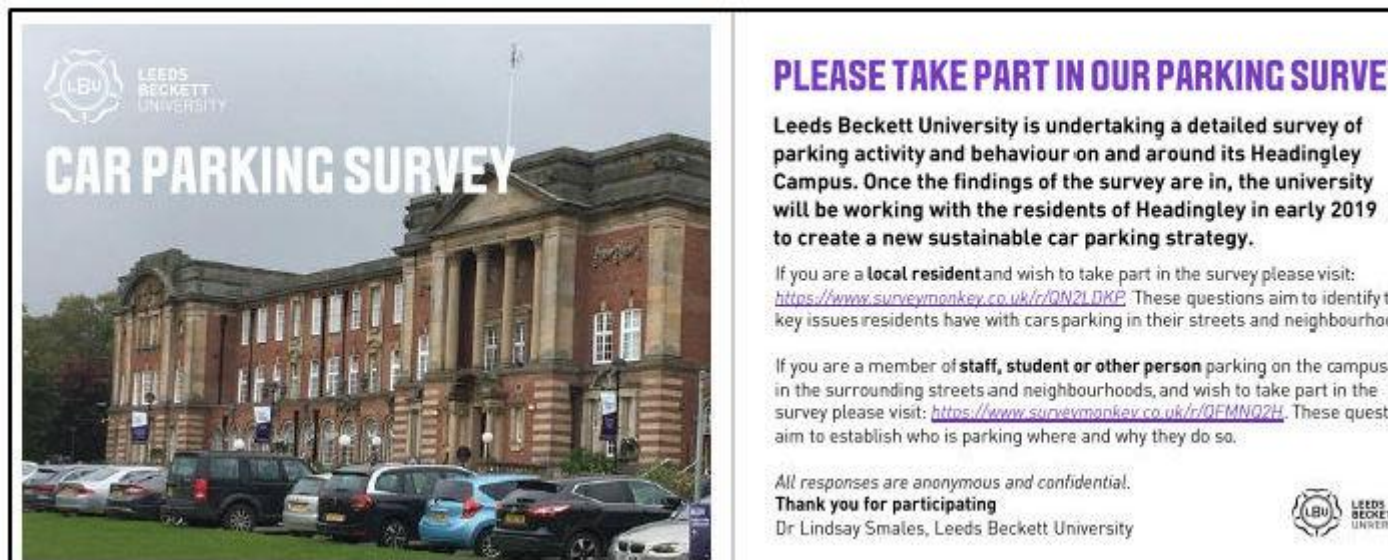

*“Further to our ongoing conversations regarding parking on and around Headingley Campus, I am pleased to let you know that the car parking survey is due to start next week. Professor Lindsay Smales and his research team will be delivering postcards to local addresses and leaving them on vehicles parked in the area.*

*I have attached the postcard for your information and would ask that you share details of the survey via your networks to encourage participation in the survey. If you have any queries, please do let me or Professor Smales know.*

*Best wishes, Emma.”*

The ‘postcard’ is shown below and is attached to this email. Links to the survey questionnaires are on the attachment, but are repeated here: [Headingley Residents' Parking Survey](#) and [Car Parkers' Survey](#).

It behoves all of us residing in the area and/or using the area to park their cars to fill in the questionnaires. The hope is that the work will lead eventually to improvements in the street-parking situation in West Park and Headingley.

**PLEASE TAKE PART IN OUR PARKING SURVEY**

Leeds Beckett University is undertaking a detailed survey of parking activity and behaviour on and around its Headingley Campus. Once the findings of the survey are in, the university will be working with the residents of Headingley in early 2019 to create a new sustainable car parking strategy.

If you are a **local resident** and wish to take part in the survey please visit: <https://www.surveymonkey.co.uk/r/QN2LDPK>. These questions aim to identify key issues residents have with cars parking in their streets and neighbourhoods.

If you are a member of **staff, student or other person** parking on the campus in the surrounding streets and neighbourhoods, and wish to take part in the survey please visit: <https://www.surveymonkey.co.uk/r/QEMNQ2H>. These questions aim to establish who is parking where and why they do so.

All responses are anonymous and confidential.  
**Thank you for participating**  
Dr Lindsay Smales, Leeds Beckett University
